To Whom It May Concern:

This letter verifies that Selim Mugarbi, MD from Turkey was a visitor at Hospital for Special Surgery in New York City from 21st of October to 13th of November, 2006.

Dr. Mugarbi had observed surgeries and general patient care on our Orthopaedic Foot and Ankle service under the supervision its chief, Dr. Jonathan Deland about total ankle protheses. Dr. Mugarbi had also attend our daily educational conferences.

The visit was purely observational in nature. Visitors did not receive a salary and was responsible for their own transportation, housing and expenses.

If you have any questions, contact me by phone at 1.212.606.1823 or by email at [kronfelds@hss.edu](mailto:kronfelds@hss.edu).

Sincerely,

Sherri Kronfeld  
Special Projects Coordinator
